## 2. LATE REGISTRATION (LATE PAYMENT) :

Registration Renewal Procedures for the 2020-2021 Term must be made between the dates specified on the academic calendar of our University. After this date, late registration can be made only in case of an excuse and with the decision of the Faculty Board of Directors. In this case, a default interest of 0,05% is applied on the contribution, whose payment is made late. Late registration can be made until the "Late Registration Date" announced by the University administration. In order for the education activities to be carried out without interruption, those who do not pay their contribution to education will not be registered and will not be renewed until this date. In case the students in this situation do not renew their registration in the following spring semester, the procedure will be carried out according to the "Associate and Undergraduate Education and Training Regulation" of our University.
